COMPARE AND SAVE

CALCIUM SUPPLEMENT 60 TABLETS

Bone health can be dependent on many factors including heredity, diet, exercise and lifestyle. Calcium is the primary mineral responsible for strong bones. The body also uses Calcium for proper muscle contraction and nerve function - and obtains this Calcium mainly from the bones.* Because the body can't produce Calcium, a balanced diet, regular exercise, healthy lifestyle choices and adequate intake of Calcium and Vitamin D can play a role in maintaining optimal bone health.*

Calcium also plays a role in muscle contractions and nerve impulses.*

DIRECTIONS: For adults, take one (1) tablet two or three times daily, preferably with a meal.

GUARANTEED FREE OF: yeast, wheat, gluten, milk or milk derivatives, lactose, sugar, preservatives, soy, artificial color, artificial flavor, sodium (less than 5 mg per serving).

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
